Equatorial Guinea Country Programme Evaluation (2019-2023)	2023	Equatorial Guinea CO	Country programme Evaluation (CPE)	WCA		2019-2023	1/1/15	5/30/16	Formulation of the Theory of Change of the 8th programme	R#1: a) The 8th Equatorial Guinea Country Programme should strengthen programmatic coherence and its potential effectiveness. The 8th Country Programme of Equatorial Guinea must develop a Theory of Change that links the thematic results, premises and indicators with strategic results, premises and indicators of the new UNSDCF and establish mechanisms for the measurement of transformative results. b) When developing the new Theory of Change for the Country Programme, you must establish and make more explicit the key assumptions that support the theory of how change occurs, the main risks that may affect it, and expand its stakeholder mapping to identify the partners that will be relevant to achieving each result; c) Strengthen the M&E system, advancing towards a results-oriented holistic system for the entire Country Programme based on the Theory of Change approach, using the SMART (Specific, Measurable, Achievable, Relevant, Time-bound) technique.	Accepted	Low	ToC of the 8CPD based on the 3TRs. Definition of coherent program products. Definition of realistic indicators	Draw inspiration from the UNFPA Strategic Plan theory of change to define the 8CPD theory of change on the three transformative results taking into account the national context. Define the outputs of the next program based on the established theory of change and the outputs of the Strategic Plan adapted to the national context. Conduct a cost assessment of the program and identify the key indicators likely to measure the expected transformations of the products including the achievable targets according to the available and mobilizable resources.	12/31/23	YES
Equatorial Guinea Country Programme Evaluation (2019-2023)	2023	Equatorial Guinea CO	Country programme Evaluation (CPE)	WCA		2019-2023	1/1/15	5/30/16	Expansion of SR services, sustainability and visibility of UNFPA.	R#2: a) The Country Programme must continue to support sexual and reproductive health services and rights so that they are expanded throughout the country and give sustainability to the results already achieved in Bieko Norte and KieNtem. b) It is also important to promote strategies and allocate resources to improve policy dialogue and advocacy efforts on access to FP for adolescents and youth, increase FP for adolescents and reduce unmet FP needs among young people; c) The preparation and application of a multisectoral communication strategy on maternal health is recommended, the implementation of which will be intersectoral in nature, directly focused on the community with the participation of the same women and men who are beneficiaries.	Accepted	High	8CPD coverage; Definition of the products; Definition of the indicators	Prepare the 8CPD taking into account the 8 provinces of the country. Define the products and indicators taking into account the three transformative results of the UNFPA Strategic Plan and the 2035 Agenda of the country and the PNDS; Evaluate the cost of the program, taking into account the amount of resources available, both the ceiling and the external resources to be mobilized.	12/31/23	YES
Equatorial Guinea Country Programme Evaluation (2019-2023)	2023	Equatorial Guinea CO	Country programme Evaluation (CPE)	WCA		2019-2023	1/1/15	5/30/16	The CO should work with the EQG Government to accelerate the implementation of gender equality and women's empowerment	R#3: a) It is recommended to develop the programmatic integration of key cross-cutting issues and development accelerators. The Country Office should strengthen the gender approach and make it more transformative to address gender stereotypes, social and cultural norms, and power relations; b) Programmatic integration should promote gender equality and the empowerment of women by identifying behaviors and structures in society that maintain gender inequality in order to make changes in institutions and systems. The OP should work with the Government of Equatorial Guinea to accelerate the implementation of gender equality and the empowerment of women, especially the most vulnerable, as active subjects of policies and programs in all sectors, including in emergency situations and the population, migrant; c) It is highly recommended to implement a gender transformative approach and commitment to work with civil society organizations, community and religious leaders to address male attitudes and behaviors and challenge patriarchal norms to transform gender relations so that sustainable change can be ensured; d) It is strongly recommended to advocate for integrated strategies for survivors of violence while supporting institutional mechanisms to combat gender-based violence and strengthening the capacity of the Ministry of Gender Equality through staff training.	Accepted	High	8CPD coverage; Definition of the products; Definition of the indicators	In the 8CPD, result 2 has been foreseen: By 2028, gender gaps are reduced and are reflected in statistical data, demonstrating greater gender equality and progress in the empowerment of young people, women and girls, and other vulnerable groups. This implies that actions tending to reduce the gaps have been taken into account.	12/31/23	YES
Equatorial Guinea Country Programme Evaluation (2019-2023)	2023	Equatorial Guinea CO	Country programme Evaluation (CPE)	WCA		2019-2023	1/1/15	5/30/16	Reinforcement of the M&E unit in personnel and metres in place of the planning, suivi and reporting mechanisms.	R#4: It is recommended to strengthen the Country Office team in both technical and administrative profiles in order to guarantee the success of direct execution projects, mainly it will be important for the extension to the entire country, already programmed, of the Reduction Project of Maternal and Neonatal Mortality in Bieko Norte and KieNtem.	Partially Accepted	Low	8CPD plans to strengthen the capacities of the office	The organization chart of the country office provides for the recruitment of an M&E staff at the service contract level that will work under the supervision of the Assistant Representative.	12/31/23	YES
